AMERICA'S POLICY UPHELD BY RYCE

Former Ambassador Also
Declares It Error to Assume
Americans of German
Extraction Are Necessarily Pro-German.

London, February 26.—Viscount Bryce, in an article which will appear in *The Position of the United States in the War*, says it is "a complete error to assume that those who bear a German name or who own to German blood belong to the pro-German party."

"Children of Europeans born in America," Viscount Bryce continues, "grow up normal American citizens for all practical purposes. Their loyalty is to the Stars and Stripes and their feelings for the land of their birth are comparatively weak. What is called the German vote in some cities is a force of a few thousands. But when those who lead it try to use it as a means for applying political pressure in domestic cases, the native Americans resent such an attempt for with them the fundamental principle that citizens must have no loyalty save to the United States and the great bulk even of the hyphenated German-Americans would refuse to respond."

Stated by Both Sides.

As to the neutrality of the American government, Mr. Bryce adds, both sides have blamed it and the government points to this as the best proof of its impartiality. One party, he says, moved by the tragic fate of Belgium, censured the government for having failed to protect "against the violation of Belgium territory and the flagrant breaches of the rules of war prescribed by the Hague convention."

"But," says Viscount Bryce, "it is right that neither side of the case should be put to the United States, the greatest of the neutral powers. The administration might conceive that many questions will arise in which the rights of all the neutrals will be involved, and it might think that the authorities with the United States can speak with more weight if at the outset its government takes up a position adverse to one or the other party to the strife. However, his country, its impartiality would thereafter be questioned."

Arguing that the attack on Belgium was a clear breach not only of the convention of 1864 but of the fundamental principles of international law, Viscount Bryce says the breaches which followed, rested at first on statements which needed confirmation and that "any government might feel that before protesting against the treatment of non-combatants it needed further evidence which would carry certainty to every fair mind."

"Add to this ground for caution the fact that the United States has always followed the advice of Washington, endeavored to keep themselves clear of European entanglements."

Regarding questions of international law and usage which have arisen between the United States and belligerents, Viscount Bryce says: "When a neutral is urged by its citizens to remonstrate with belligerents on the exercise of any rights the belligerents claim, it cannot, unless convinced that there is no chance of success, decline to present the case of its subjects."

Continuing, Viscount Bryce says: "If it is suggested, as I think it has been somewhere, that in the matter of contraband and the right of search powerful pecuniary interests have tried to influence the administration, those who have watched recent developments in America will agree that nothing is so unpopular there as what is called big business, and that any administration supposed to be yielding to pressure would do so at its peril. So far as I can see, there is no foundation for any such notion."

Viscount Bryce says he has been asked to join the American Red Cross, he commends the American organizations and the people and the government and its representatives for assistance to non-combatants and to British subjects in belligerent countries.

**GERMANY HAS ORDERED
EXPULSION OF CHINESE**

London, February 26.—An Evening News dispatch from Rotterdam says that owing to shortage of food, Germany has ordered expulsion of 500 Chinese, arriving Netherlands police to prevent these men entering Dutch territory, and common action are expected, the correspondent declares.

PRICE OF POTATOES RAISED IN GERMANY

Bundesrath Increases Cost to
Prevent Waste—Maximum
Price on Hogs.

Berlin, February 26.—(Via London.) The Bundesrath, having learned that German farmers were using potatoes too freely for fodder, has raised the prices of potato products. It is believed this will prevent consumption of potatoes by cattle.

In future potato fodder will cost \$1.75 per 220 pounds and potato starch \$12 per 220 pounds.

Under their former prices potatoes were much the cheapest cattle food available, and farmers were storing them for use for their live stock.

The sole right to manufacture potato products has been vested in a government-controlled company empowered to export potatoes.

The Bundesrath found also that the price of hogs had so increased as seriously to impede municipalities in trying to use the stores prescribed for them. It therefore has fixed for hogs a series of maximum prices at which municipalities are empowered to export hogs.

The maximum potato price for the March of Brandenburg, set on February 17, has been suspended, leaving dealers unrestricted as to price. It has been explained officially that certain difficulties in the matter of Berlin's supply of potatoes are due in part to the lack of laborers on farms to transport the potatoes. A further factor is that cities west of Berlin have for the most part fixed no prices and great quantities of potatoes have been shipped from the east through Berlin to the west.

Frankfurt-on-the-Main and Macken-burg have decided to follow the example of Berlin and introduce bread.

The Bundesrath has adopted a measure under which the number of automobiles is to be limited to one per family. At the same time it will compel the owners to employ other means of transportation, such as railroads, street cars and horse-drawn cabs in increased measure.

**TWO BRITISH SOLDIERS
HOLD TREND UNDAID**

London, February 26.—Another glibly communicated from the front, given out today, says:

"The period since the last communication has been marked by a thick mist and rain which culminated on the 24th in a heavy snow storm. Operations consequently have been hindered. In spite of bad weather, however, our artillery has been particularly effective in cooperation between aviators and the artillery. Types intermittent fighting continued on the relative positions of the opposing forces. Many gallant acts have been performed during the recent fighting in this neighborhood. A sergeant and a man held a communication trench for a considerable period unaided, and shot down all Germans who attempted to cross it."

"Our machine guns handled particularly well one occasion, when they came into action in the open and inflicted a considerable loss on the enemy."

"Along the remainder of our front the enemy's artillery fire at times has been somewhat heavy, but our infantry attacks by either side have occurred."

**CONSUMPTION OF WHEAT
RESTRICTED IN HUNGARY**

London, February 26.—A Daily News dispatch from Rome says:

"An imperial ordinance issued in Vienna Wednesday fixed the consumption of wheat at ten ounces and of flour at seven ounces for each person. The Hungarian government has ordered the municipalities to requisition all available flour and to allow only 12 pounds a person a month."

**SUBMARINES SALUTED
DUTCH FLAG ON LINER**

London, February 26.—Reuter's correspondent at The Hague telegraphs that a mail steamer of the Zealand line, which arrived at Flushing today, met two German submarines on the passage from England. The submarine saluted the Dutch flag flown by the steamer.

**GERMAN CASUALTIES
REPORTED AS 200,000**

London, February 26.—The Daily Mail's Copenhagen correspondent says it is reported from Berlin that German casualties in East Prussia, Poland and the last three weeks are estimated at 200,000.

WAR RIOTS IN ITALY. One Killed, Many Wounded When Two Factions Fight.

Genoa, February 26.—(Via Rome.)—One person was killed and many wounded during riots at Ventimiglia, resulting from a demonstration in favor of the maintenance of Italy's neutrality. A counter demonstration by persons favoring intervention in the war led to a serious fight.

Police and carabinieri interfered, but were unable to restore order for some time. Several of the officers were injured.

**AMERICAN BANKS PLAN
LOAN TO SWITZERLAND**

Berne, Switzerland, February 26.—(Via Paris.)—There is excellent authority for the statement that negotiations are going on between the Swiss government and representatives of American banks concerning a Swiss loan in the United States. The sum mentioned was \$25,000,000, and the rate of interest about 6 per cent.

**SEVEN BRITISH CRUISERS
REPORTED DAMAGED**

Berlin, February 26.—The *Colonial Gazette* has published a letter received from Montevideo, Uruguay, in which it is declared seven British cruisers are at the port of Montevideo, in the southern Atlantic, and have been damaged. This information has been brought into Montevideo, the letter says, by the officers of an Argentine steamer.

GREAT BRITAIN STOPS STRIKE IN SHIP YARDS

Engineers Ordered Back to
Work So That Ammunition
May Move.

London, February 26.—While conferences were being held today to settle wage differences between the shipbuilders and shipyard engineers, some of whom already are on strike, the government made a dramatic move in ordering resumption of work Monday and promising that arrangements would be made for the dispute to be referred to a court of arbitration.

The order was signed by Sir George Aschworth, chief industrial commissioner.

Sir George pointed out that in consequence of the delay in reaching a settlement the requirements of the nation were being endangered and that he had been instructed by the government to order the resumption of work.

Had the unrest been allowed to continue, the shipbuilders would have been unable to supply the navy and the army with the munitions which they must call for. The order was issued on Monday morning, March 1.

The order of arbitration will have power to fix the date from which a settlement shall take effect.

Had the unrest been allowed to continue, the shipbuilders would have been unable to supply the navy and the army with the munitions which they must call for. The order was issued on Monday morning, March 1.

The order of arbitration will have power to fix the date from which a settlement shall take effect.

MANY VESSELS SAIL DESPITE SUBMARINES

London, February 26.—An admiralty memorandum shows that from February 15, when the German blockade began, until February 24, 108 vessels arrived and 473 sailed at United Kingdom ports.

The admiralty also gave out the following list of British vessels which have been "sunk" by German submarines: The *Campania*, *Dover*, *Frankenstein*, *China*, *Oakley*, *Rio Parana*, *Western* and *Harpalion*. It says the steamer *Deftford* probably struck a mine.

Cross for Enver Pasha.

Frankfurt, Germany, February 26.—(Via London.)—Emperor William has bestowed the Iron Cross on Enver Pasha, Turkish minister of war, a "constant and dispassionate" to the further Zeilung says.

Weehawken Safe in Port.

London, February 26.—The British tank steamer *Weehawken*, concerned in the *Iron Cross* on Enver Pasha, was picked up at Antwerp, safe at Antwerp. The life buoy was lost overboard.

ATLANTA NEW YORK PARIS

Ringing Down the Curtain on All Afternoon & Evening Dresses That Remain From the Winter Stocks

Let the facts as they are be your inducement to attend this closing event of the winter season. There remain twenty dresses, some for afternoon, some for evening wear. WE SHALL DISPOSE OF THEM TODAY—because we've made prices that must appeal to a woman's sense of economy—prices that make every dress a genuine Chamberlin-Johnson-DuBose Co. BARGAIN.

Here—

**14 Dresses that were \$12.50
\$37.50 to \$68.50 are**

Three evening dresses, eleven afternoon dresses—the latter are black charmeuse, velvet, net and lace affairs of rich beauty; that they were \$37.50 to \$68.50 tells their rich charm.

**7 Dresses were \$6.95
\$18.75 to \$35**

**8 Dresses were \$3.75
\$13.75 to \$19.50**

The majority of these are white, now and then a pink, maize or Nile green; chiffon, taffeta, net and lace—a little mussed, perhaps, but not beyond the redemption of a smart woman—charming styles, every one different from the others.

A World of New Fashions For the Young Folk

In the Junior Department--Third Floor

One of the brightest, most interesting spots of the store is the Junior Department--Third Floor.

It is READY with the spring things for the young folk—so splendidly ready that it is just bound to be of interest to every mother, to every young woman.

We invite you to come and enjoy the new fashions we've gathered—suits, coats, dresses, hats. The display takes on the nature of an exhibition, so complete is it with novel, out-of-the-ordinary styles.

Take for instance—

The New Hats

It really takes on the importance of a pre-Easter display.

For it seems that we've about every smart style that could be imagined for the tots, the girls and the young women.

For the tots, here's an infinite variety of lingerie bonnets: lace, frilly and wreathed in flowers.

For the girls and young women come hats of distinctive and charming style, of varied styles, calculated to be becoming to the various young faces they will frame. There are hats with silk crowns, plain and hand embroidered; there are white Panama hats, and there are Milan straw in white and colors; there are saffors with wide brims; there are chic Tipperary shapes; there are the small pull-down shapes—these with every manner of flower and ribbon trimming and in every color—there are the dress hats of chiffon and lingerie.

And all priced so easily! At \$1.25, \$2.00, \$3.00, \$4.00, \$5.00 upwards to \$15.00.

Girls' Dresses Priced

A few linen and lingerie dresses in sizes six to fourteen years are priced. All white, a bit mussed, not every size of each style, but every size here.

Were \$3.00, \$4.50, \$6.00 to \$8.50.
At . . . \$2.00, \$3.00, \$3.95 to \$5.33.

Boys' \$1 to \$1.50 Suits 69c

Little Russian suits in sizes two to seven years—a variety, to be disposed of at 69c each!

Little "French" Dresses

that just came in deserve special mention, so fresh and crisp and lovely are they.

In sizes one to six years; they are, we believe, prettier than we have ever shown at their prices, \$1.25, \$1.50, \$2.00, \$2.50 up to \$5.00.

They are made of lawns, of dimities and the like—all white save for a rosette here and there and the ribbons run in headings at the low waist and in sleeves and neck.

Girls' Wash Dresses

In sizes six to fourteen years and in intermediate sizes.

The collection is unusually large and attractive, even for the first bloom of spring, when every young woman must have new wash dresses for school and afternoons.

Dresses that show little coat effects, tiered skirts, skirts made on yokes, guimpe styles. These are developed in thoroughly dependable linens, lincens, ginghams, plaques and the like. Priced at \$1.00, \$1.50, \$2.00 upwards to \$12.50.

**"A girl should wear a pretty shoe
And smile if she is spoken to."**

But it's not always easy to smile when wearing a "pretty shoe." Comfort is quite as important as prettiness.

Children's SORORIS SHOES are as practical as they are pretty.

If you permit our experts to apply their knowledge and experience in choosing the shoes for your children they will be properly fitted. This method will relieve you of all responsibility and may save your children's feet from the ill effects they are heir to.

And now that new spring styles have come in, it is the most appropriate time to make the children ready for the coming season.

It is Just Natural To Admire Babies

Our altruistic nature impels love for the feeble infant. And at the same time the subject of motherhood is ever before us. To what do we add to the physical comfort of expectant motherhood is a subject that has interested most women of all times. One of the real helpful additions is an external appliance sold in most drug stores under the name of "Mother's Friend." We have known so many grandmothers, who in their younger days relied upon this remedy, and who recommended it to their own daughters that it certainly must be what its name implies. They have used it for its direct influence upon the muscles, cords, ligaments and tendons as it aims to afford relief from the strain and pain so often unnecessarily severe during the period of expectancy.

A little book mailed by Brudford Regulator Co., 316 Lamar Bldg., Atlanta, Ga., refers to many things that women like to read about. It refers not only to the relief from muscle strain due to the tension but also to nausea, morning sickness, cramping of breasts and other distresses.

MACON'S NEW CITY CODE SHOWS CITY'S GROWTH

Roster of City Officials From
Time City Was Incorporated
to Present.

Macon, Ga., February 25.—(Special.) Macon's new city code, containing 444 pages, has just been received from the printer. It is the most up-to-date work of that character that has ever been prepared for the city. The work was done by Wallace Miller, under the direction of City Attorney Walter Deane. In addition to all of the ordinances and a copy of the city charter, the code contains a roster of the city officials from the time the town was incorporated in 1821, at which time Macon was under a commission form of government.

The code is an evidence of the growth of Macon. The last one was compiled in 1887 by Minter Wimberly and contained only 215 pages while the present one contains 444 pages.

Death of A. C. Collins. Macon, Ga., February 25.—(Special.) Friends in Macon and throughout that portion of the state traversed by the Southern railway between Macon and Brunswick, are mourning the death of A. C. Collins, for thirty years a passenger conductor on the Southern, and death occurred yesterday at his home at Bonair, to which he retired several years ago.

Mr. Collins was the prime mover in the organization of a branch of the proberhood of Baitors, and he was Macon and during his early days was a enthusiastic member of the volunteer fire department, winning many medals.

TYBEE ISLAND HOTEL
BON AIR CASTLE BURNS

Savannah, Ga., February 25.—(Special.)—The Bon Air Castle, a hotel on Tybee island, was burned to the ground early this morning. The fire originated from some unknown cause. The place was formerly the summer home of the late Captain Henry Blinn, and before it was enlarged and made into a hotel, it was the residence of the late Mr. Blinn. The hotel was one of the best on the island, and was built in 1875, and was for a long time the best hotel on the island. The hotel was practically new, having been built last summer at the opening of the season.

Mr. Blinn's cottage and bath houses near the hotel were also destroyed by the fire. The cottage, which was the property of the late Mr. Blinn, and was situated on the beach, was burned out.

To Contest the Will. Savannah, Ga., February 25.—(Special.)—Charging that the late Charles A. Blinn, a veteran banker, was of sound mind when he made his will, leaving practically all of his large estate to his housekeeper, Mrs. Katie Barry, and that he was unduly influenced by her, the widow and two sons today began an attack upon the will.

Driver of Fire Truck
Asks \$10,000 Damages
From Owner of Auto

A suit for \$10,000 damages was filed in superior court yesterday by Eugene R. Fisher against Emil Dittler, whose fire truck collided with the Dittler automobile on the morning of January 17, killing one man and injuring another. The suit charges that Dittler was driving recklessly and at the rate of 40 miles an hour. He alleges that the exercise of proper care on the part of the driver of the auto would have prevented the collision.

VERDICT OF ACQUITTAL
IN TINSLEY TRIAL

Savannah, Ga., February 25.—(Special.)—The jury which tried Fleming Tinsley on a charge of the misapplication of funds of the Merchants' National bank today acquitted him. A sealed verdict was returned in the federal court, but was not opened. However, it is generally known that the verdict was in favor of the accused, whose trial has been a sensation because of the prominence of all parties concerned.

Albany to Vote on Bonds.

Albany, Ga., February 25.—(Special.) It may not be the best time in the world for the city of Albany to hold an election, but Albany seems to be in a fair way to do so. The city council, after a long and different opinion, for the registered voters are to pass on a proposed issue of \$40,000 for school and municipal auditorium purposes, the amount to be divided equally between the two projects. The election has been ordered for April 3, and a special registration is now being held. Assurance has been received that the entire issue will be taken at a preliminary Albany bonds ranking right as investments.

TRAIN WRECKED; NOBODY KILLED, SEVERAL INJURED

Macon, Ga., February 25.—Macon and Birmingham passenger train No. 6, a mixed freight and passenger train, was wrecked 18 miles from this city at 10:15 o'clock this morning. The train was coming toward Macon, and was in the middle of the train when it was wrecked, and the whole train, with the exception of the engine, was derailed, some of the cars overturning into the ditch.

Doctors were rushed to the scene from this city, and it was reported that nearly a score of persons were injured. Only one person, however, Baggage Master H. L. McGowan, of this city, was brought to a Macon hospital. He has a broken ankle.

Railroad officials say no other persons were seriously injured.

"FLYING SQUADRON" HOLDS MEETINGS HERE IN MARCH

The "Flying Squadron," a group of notable men who have made a compact to fight the liquor evil, will hold a series of meetings at the Baptist Tabernacle March 10, 11 and 12. Although these men are working for the prohibition party, they have no political connection with it. They also include a number of unusual musicians.

The various Christian Endeavors and Epworth Leagues of the city, it is understood, will assemble in a body at the Tabernacle in honor of Daniel A. Poling, of Boston, head of the Christian Endeavors of America, and Wilbur F. Sheridan, general secretary of the Epworth Leagues of America.

LOW DEATH RATE OF THE EQUITABLE SHOWN IN REPORT

The mortality rate of the Equitable Life Assurance Society of the United States was just 74 per cent lower than the average for the last fifteen years, according to the fifty-fifth annual report of the society.

It was the most remarkable in view of the big war now raging in Europe.

Increases are shown in outstanding insurance, assets, surplus, income from investments and payments to policyholders, accompanied by a decrease in expenses.

He alleges that the exercise of proper care on the part of the driver of the auto would have prevented the collision.

VERDICT OF ACQUITTAL IN TINSLEY TRIAL

Savannah, Ga., February 25.—(Special.)—The jury which tried Fleming Tinsley on a charge of the misapplication of funds of the Merchants' National bank today acquitted him. A sealed verdict was returned in the federal court, but was not opened. However, it is generally known that the verdict was in favor of the accused, whose trial has been a sensation because of the prominence of all parties concerned.

Albany to Vote on Bonds.

Albany, Ga., February 25.—(Special.) It may not be the best time in the world for the city of Albany to hold an election, but Albany seems to be in a fair way to do so. The city council, after a long and different opinion, for the registered voters are to pass on a proposed issue of \$40,000 for school and municipal auditorium purposes, the amount to be divided equally between the two projects. The election has been ordered for April 3, and a special registration is now being held. Assurance has been received that the entire issue will be taken at a preliminary Albany bonds ranking right as investments.

POLICE ARREST TEN FOLLOWING THEFTS

Bold Looting of Railroad Cars
by Organized Gang Bared
in Recorder's Court.

Organized with alleged car-breakers, draymen and fence, a gang of thieves, according to the evidence in the police court Friday afternoon, succeeded in stealing a large lot of goods and disposing of them at good prices.

When Hube Palmer, a negro, undertook to sell several sacks of rice to a grocer, he was held and the police notified. Palmer made a full confession, and on his evidence the following were held by the recorder:

Charles Diego, Italian, 155 Decatur street; P. W. Cook, white, 223 Green street; John H. Hays, negro, 1000 E. J. Reynolds, negro, all storekeepers.

The bonds were set at \$500 for the car-breakers and the others were held in bonds of \$200 and \$300.

The police believe that the thieves had been open cars in the Atlanta, Birmingham and Atlantic railroad yards, piled the stolen goods in the weeds on an embankment, hired the grocer to haul away the goods and sold it to the stores. One haul alone included eleven sacks of flour, four sacks of sugar, eleven sacks of rice, twelve cases of tobacco, a case of shoes and a barrel of gin. The police told that where everything was except the gin.

It is said that other roads were taken, and that a check of the railroad books will have to be made to give the entire list of stolen goods. All of the men charged denied any intention of doing wrong.

The officers who worked up the case were Detectives Starnes, Moon, Jameson and Cochran.

Keep Watch on Wife In Order to Keep Her, Advices Mme. Davenport

If friend wife wants to keep her husband, discipline him.

If friend husband wants to keep his wife, maintain eternal vigilance.

These were the prescriptions of Madame Charlotte Davenport, the noted lecturer, whose address at the Hotel Ansley last night on the subject of "Hysteria" was attended by a large audience of men and women.

She did not, however, outline any particular form of discipline for the ambitious wife, inferring, thereby, that each individual case required a special formula of disciplinary method. Neither did she go into details into the various forms of the vigilance eternal that might be kept upon the elusive wife; but, herself, she had her audience to believe, should be the best.

Other things advised by Madame Davenport were:

"Give nature a chance. It helps those who help themselves."

"Select your thoughts. Discard the bad ones and grasp the good. Good never comes to you as much as proper eating."

"Never let anyone irritate you. Be in a good mood at all times. Do not let your mind wander. Do not let anything worry you. Do not let anything disturb you. Do not let anything bother you. Do not let anything annoy you. Do not let anything trouble you. Do not let anything distress you. Do not let anything grieve you. Do not let anything sadden you. Do not let anything disappoint you. Do not let anything surprise you. Do not let anything shock you. Do not let anything offend you. Do not let anything insult you. Do not let anything humiliate you. Do not let anything embarrass you. Do not let anything disgrace you. Do not let anything dishonor you. Do not let anything stain your reputation. Do not let anything tarnish your name. Do not let anything mar your character. Do not let anything ruin your life."

AT THE THEATERS

"Old Plantation Days." (At the Atlanta.)

The Baldwin-Holmes company gives its final two performances at the Atlanta this afternoon and tonight when "Old Plantation Days" will be played. This company has been in New York for several months and has given many excellent performances.

"George Arliss in 'Diarrhoei.'" (At the Atlanta.)

George Arliss, the noted English actor, is playing "Diarrhoei" at the Atlanta this afternoon and tonight. The play is a comedy and is one of the best of the season.

PHYSICIANS WILL MEET IN AUGUSTA NEXT WEEK

A unanimous vote of acceptance of the invitation of Dr. Whitley W. Bailey on behalf of the physicians of Augusta that the Georgia Surgeons' club should hold its next annual session in that city was announced Friday morning.

Of special interest to the two hundred members of the club will be an inspection of the medical department of the University of Georgia, which is situated there. This meeting will be held in February of 1916.

THREE ELECTROCUTED FOR MURDERING WOMEN

Oshtining, N. Y., February 25.—Three men, all from New York city, were electrocuted at Sing Sing today for murdering women. Caesar, Victorino Campesella, a counterfeiter, shot his wife because she refused to leave him. Anna Klein, because he said, she caused him to lose his wife's affection.

FREE SCHOOL BOOKS SUBJECT OF DEBATE

Whether or not the state of Georgia should furnish free school books to the students of the state schools will be the subject of a debate Saturday night at 8 o'clock at the county forum. Catchings-Therrell and C. A. Featherstone will speak for the affirmative. W. H. Smith and Francis X. Farwell will defend the negative. The subject will then be thrown open to the audience for general discussion.

RUSSIAN AMMUNITION IS ORDERED IN PITTSBURG

Pittsburg, Pa., February 25.—Negotiations are in progress between the Russian government and a large machine company here for \$10,000,000 worth of war munitions, principally shrapnel shells.

RATES IN CLASS "P" HAVE BEEN REVISED BY THE COMMISSION

The railroad commission has given out an elaborate report and opinion on the petition of the short line railroads in Georgia for increased carload rates on articles carried in its freight class P, such as lumber, brick, sand, gravel, cotton seed hulls, etc.

The commission held a public hearing on this petition during last October which extended through two days and has also conducted one of the most thorough investigations ever made by it, involving the collection of a mass of statistics as to class P traffic, its volume, distances moved, cost of service, etc.

As a result of the investigation, the commission has made a complete revision of its class P carload rates, minimum weights, etc.

Under the revision made, there are increases for some of the short distances of 25 cents to \$1 per car, for one distance an increase of \$1.50 per car. For nearly all distances between 200 and 400 miles, the rates were reduced from 25 cents to \$4 per car.

Some cases where rate increases were allowed, the carload weights were increased, so that the rate per 100 cents in these instances remains the same.

The commission's order provides that it shall not apply on commodities which have been previously contracted in writing for sale and shipment, and entered into prior to its publication.

HOLMES ARRESTED; TO ANSWER CHARGE OF THEFT OF AUTO

C. W. Holmes, age 26, bookkeeper, of 152 Spring street, was arrested Friday in connection with the alleged system of blackmailing and auto thefting the police claim they have unearthed in Atlanta in the arrest of W. R. Purcell, manager of the Georgia Good Roads company, Thursday.

The confession to the alleged system of auto thefting is charged by the police to young bookkeeper, in which Purcell is said to have been implicated as the "King of Auto Thieves."

The police say that Holmes admits selling Dr. L. of the Whitehead Food machine Wednesday night, and that he was to give the machine to a recovery fee for the car from Dr. Whitehead. Purcell protests his innocence.

JUST LOOK WHAT RECORDER JOHNSON DID TO THE TIGERS

Recorder Johnson struck the blind tigers in the city a terrible blow by a decision he handed down Thursday afternoon. It was such a cruel stroke that if the Society for the Prevention of Cruelty to Animals included blind tigers in their menagerie, they would certainly protest.

You will have to first explore the intricacies of the law, cross-examine before there can be an understanding of what the recorder did for the tigers.

Eugene Lowe had Joe Holden arrested for stealing his flock of sheep. Then Joe and a dozen of his allies told the recorder that the flock of sheep was stolen from Lowe, who was a walking blind tiger, and that he was the owner of the flock.

Then Joe and a dozen of his allies told the recorder that the flock of sheep was stolen from Lowe, who was a walking blind tiger, and that he was the owner of the flock.

Then Joe and a dozen of his allies told the recorder that the flock of sheep was stolen from Lowe, who was a walking blind tiger, and that he was the owner of the flock.

Then Joe and a dozen of his allies told the recorder that the flock of sheep was stolen from Lowe, who was a walking blind tiger, and that he was the owner of the flock.

PHYSICIAN OF ATHENS IS SUED FOR DAMAGES

Athens, Ga., February 25.—(Special.) Dr. A. C. Kimsey, a prominent physician of Athens, has been sued for damages in the amount of \$10,000 by the estate of a man killed by a car.

The superior court Dr. Kimsey, formerly employed by the Georgia Good Roads company, was sued for damages for the death of a man killed by a car.

The superior court Dr. Kimsey, formerly employed by the Georgia Good Roads company, was sued for damages for the death of a man killed by a car.
